

# External Order Reference Added to CSP Order Search Results

---

The table list that is generated and displayed as a result of a search for existing orders in the Customer Service Portal (CSP) now includes a column for "External Order Reference."

Enhancements	
1.	An "External Order Reference" column has been added to the search results for the <b>Customer Service&gt;Order Entry&gt;Search Orders</b> function.

### Business Benefit

The additional column in the CSP search order results provides a more complete summary of the data associated with an order.
